# Homeroom 32

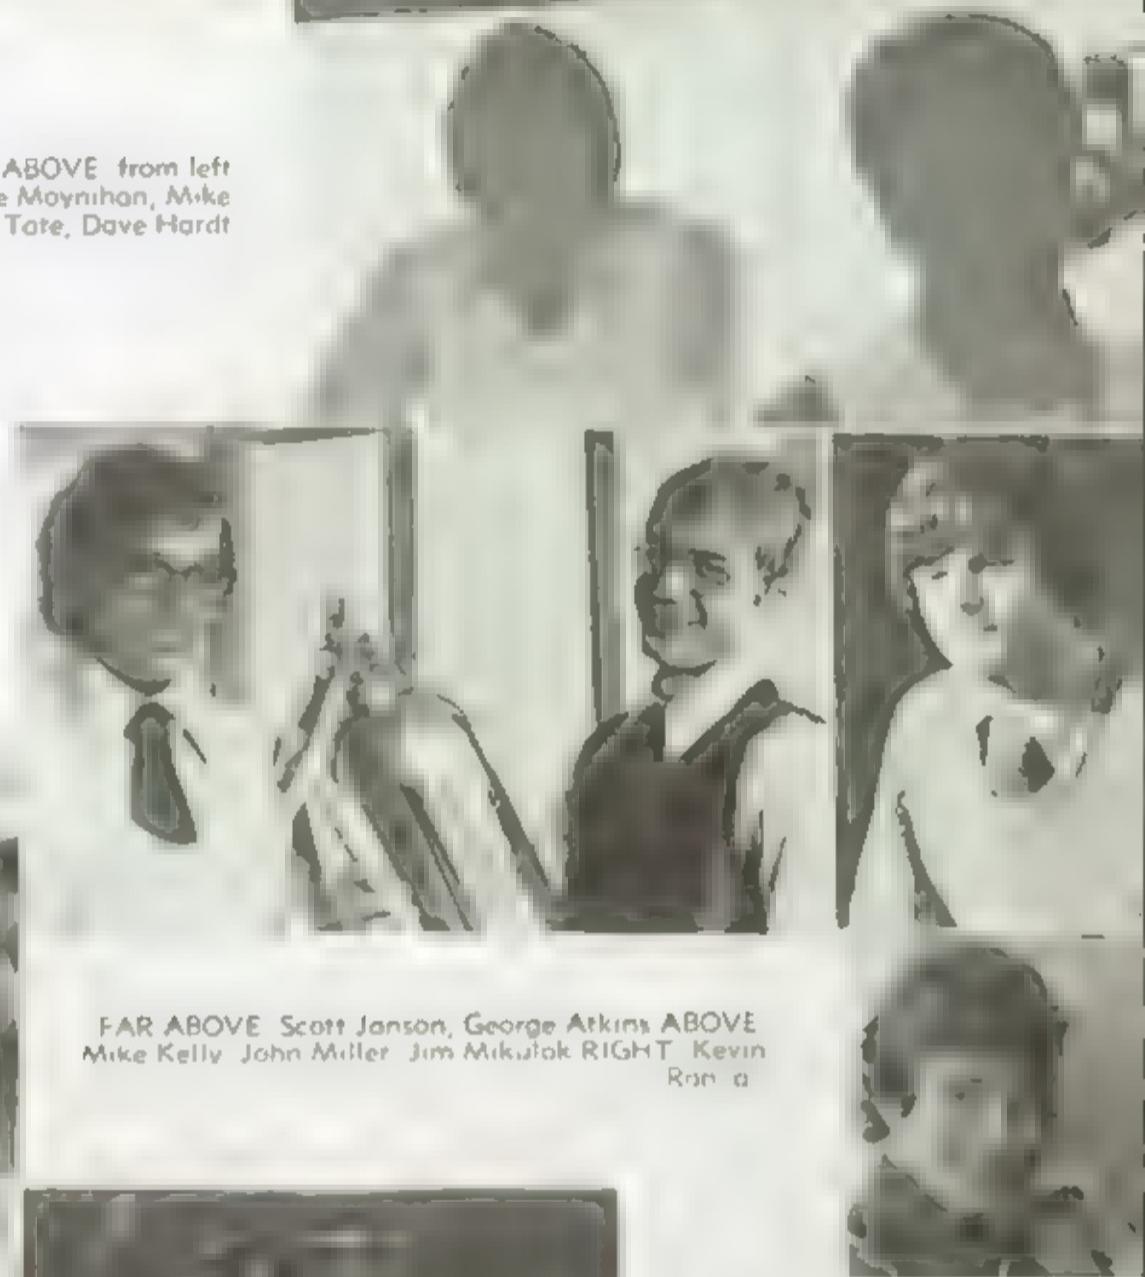

Homeroom 32 stands out in the Junior class as one of exceptional generosity. Under the flawless guidance of everyone's favorite Communication Arts teacher, Fr. Mott, Homeroom 32 places in the top three of the mission collection every week.

One rarely sees any posters made by Homeroom 32, but this is hardly due to a lack of spirit. This is merely because the ecology-minded men of Homeroom 32 are well aware that there's a paper shortage. When game-time rolls around, however, Homeroom 32 invariably provides a good portion of the cheering section.

After homeroom, everyone splits up to be joined again as a unit only during Second Period in English class to enjoy the stirring 45 minute monologue of Fr. Tischlerrrrrah. Highlights of the rest of the day for the members of homeroom 32 include killing each other in Physics lab, and sharpening card playing skills with a good game of Hearts during free periods.

# Homeroom 33

Could it never be said that if the people in Homeroom 33 would rather hold out in one of the johns for a smoke rather than go to one of their exhilarating classes? Why should they? With the drama of life unfolding before them through the wisdom of Fr. White (Religion), Fr. Sweeney (Chemistry), and Fr. Streicher (English), what more do they need to be content? And surely they have learned that you can't see the world through a colored lens, which is a quote from the Academy Award winner Fr. Mott (Communication Arts), isn't it? Mr. Vrooman and Mr. Braucher (History) are still trying to find out what went wrong, ... have they given up too? Why all the questions? Ask someone in Homeroom 33, and maybe his apathetic attitude won't care to answer you. A bright spot is the class's election of their competent homeroom representative, who happens to be the only person on time for homeroom

## Homeroom 34

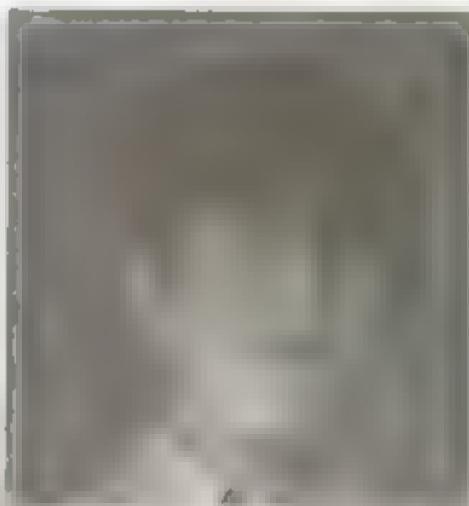

Recently, as rumor has it, several members of homeroom 34 were asked by a prominent columnist as to how the homeroom achieved such greatness. Well, as previously stated, it takes the analytical leadership of Doc Sweeney. It also takes spirit, finesse, talent etc.

# Homeroom 36

Homeroom 36 starts for the majority of students at 8:45, but for the minority who arrive from Dunkin' Donuts or just from a quick smoke at the johns, it begins when they arrive, which is usually at about 8:50. From there the homeroom is downhill as many of the homeroom scholars discuss relevant problems relating to their upcoming classes. Scholar Mark Pierzchala is usually seen asking Homeroom moderator Mr. Paderi to translate his French homework, while Matt Wielinski and Mike Peatee discuss the theoretic applications of Dalton's Law of Partial Pressures to gasses. The rest of the talk consists of where the party is this weekend or what period are we skipping to go out to lunch today. After all the questions are answered and all the problems solved, homeroom is anxiously dismissed as the members of Homeroom 36 divide to go through their daily activities.

# Homeroom 37

Homeroom 37 is a class of extreme leadership, versatility, and spirit. Our homeroom consists of two of the four Junior Council members, organizer of the Junior - Senior Prom and understudy for the Homecoming. Every sport is represented in our room and we have many people dedicated to the volunteer program also. Homeroom 37 has put up many original posters and was very instrumental in developing the Junior float. After the first week, we were also tied for the lead in the Winter Carnival sales and we will continue to be up top. Besides having many people in the volunteer program, we are always able to turn in a consistently good mission collection every Tuesday. The most important fact of all of this is that our homeroom teacher, Mr. Braucher, is instrumental in our class qualities. Mr. Braucher is able to show his versatility by showing his dedicated leadership in the class as well as on the field, which helps us to obtain and keep up our tremendous spirit.

Homeroom 38 starts out its day by gathering around Joe Giacci waiting for mail that they may have received from the principals office. Like any other homeroom, we have a variety of men in our class. Homeroom 38 is made up of the best athletes, bookworms and the average SJ students. We believe in helping the Third World. Fr Marshall tells us every Tuesday the problems that the Third World will face if we do not give at least a dime. So we thank him for keeping us above tenth place throughout the year in the mission collection. For only a couple of minutes in homeroom we get to know each other by talking, not caring about what goes on over the P.A. We tell stories of what happened over the weekend. So far, Jim Heinlein is leading the pack with his amazing stories. In all, Homeroom 38 is having a pretty good year in spirit, pink slips, and going down to the A.P.'s office

## Homeroom 21

Many consider Homeroom 21 to be #2, not true. With infamous Homeroom Representative Michael Rowan leading the way, the members of 21 have relied on expert leadership and a cool head to get where they are today.

The moderators, Mr. Schoen and Fr. Weltin, aid the situation greatly by occasionally adding bits of dry humor and merry wit to start the day.

Some may ask, "Why is 21 on the top?" Well, it is because they live by their motto "The difference between Champ and Chump is you." As you can see the "Iron Men" of 21 are not the Chumps.

With all this, as you can clearly see, Homeroom 21 is bound for success in the annals of SJ fame forever!

## Homeroom 22

For the men of H R. 22 the day begins at 8:45 with the gleaming faces of Mr. Czernicki and Fr. Hussey shining down on us

After H R. we struggle to first period religion with Mr. Dewey, then to second period English with Mr. Czernicki and then on to third period history with Mr. Braucher. Fourth period we play the machines and chow down in the commons

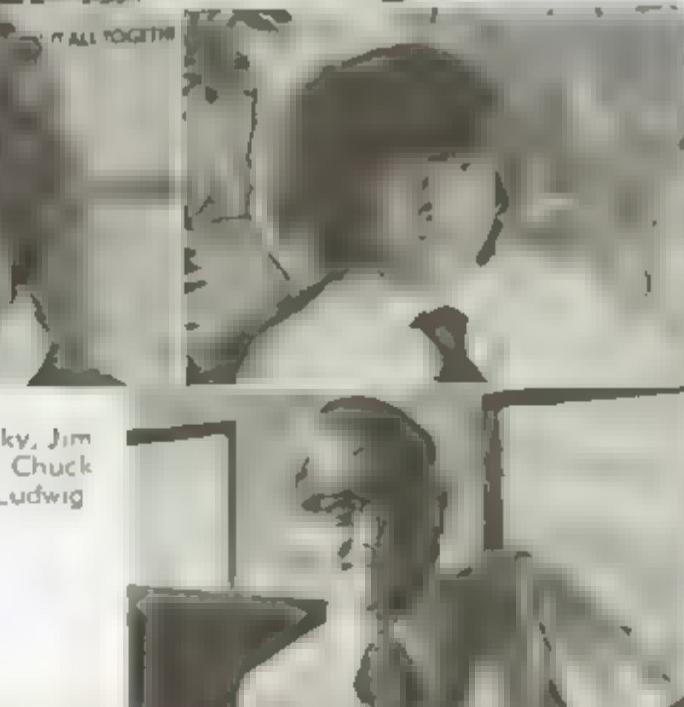

We start out the afternoon with Mr. Babula trying to explain Algebraic equations to us in fifth period math class. After we have mastered Algebra, we head for sixth period Spanish and Mr. Koldenborg. When we are finished with the art of speaking Spanish it is time for seventh period Phys Ed with Mr. Beier

After gym we finish the day off with eighth period Biology with Mr. Brady. This ends a hectic day in the lives of the men of H R. 22

## Homeroom 24

We start off an average but always exciting day with the beaming faces of Mr. Burke and Mr. T. Smith for homeroom. We "truck on down" then to Mr. Czernicki's English class where the talk of verbs and nouns is the primary concern and is never ending in keeping us baffled. After a short jog across the hall we sit down for a rousing forty-five minutes in Mr. T. Smith's history class. Next is languages. Some of the daring young men have Spanish with Mr. Kolenborg, some have French with Mr. Paderi, and some have German with Herr McClain.

Homeroom 24 then gets a well-deserved lunch in the commons. After lunch, chemistry with Mr. Burke is the place to be. Sixth period is gym with Br. Welling. We then walk slowly to algebra with Mr. Babula who usually confuses us. Eighth period, the last period, is religion with Mr. Dewey.

# Homeroom 27

From all indications this year, the class of "76" in the year 1976, will be an outstanding class. It has leadership, spirit and good athletic talent

In the center of the sophomore class is H.R. 27, led by Mr. Babula and Mr. Simmons. H.R. 27 produces a multitude of athletes, brains, and just plain good guys

H.R. 27 played a vital role in the 7-0 undefeated J.V. football season. It had starters at R.B. (McKimmey), Split End (J. Brady), Tackle (Mossing), Slot Back (Anderson), Tight End (Simon), and Line Backer (Kettlinger, alias "Crunch".) H.R. 27 also had 4 of the football managers (Angervine, Parker, Paat, Osborn) showing its involvement. Special mention should go to H.R. 27 Eric (the wonder boy) Iskersky, the runner-up in the state tennis championship

As for brains, H.R. 27 has a multitude, led by state algebra champs Vasco, Metzger, and Repetti. Things look good for the members of H.R. 27 in the future at St. John's and elsewhere

We wake up in the morning with Mr. Frankenfield and Mr. Koldenborg in a homeroom full of enthusiasm and spirit

First period teacher, Mr. Frankenfield, turns us on to science, which makes for an interesting if not unusual class

For second period we have Fr. Streicher, who teaches us about the exciting world of nouns, verbs, and adjectives

Next we are lost for 45 minutes in the ancient world of history with our leader, Fr. Anderson, who tortures us with his quizzes and tests

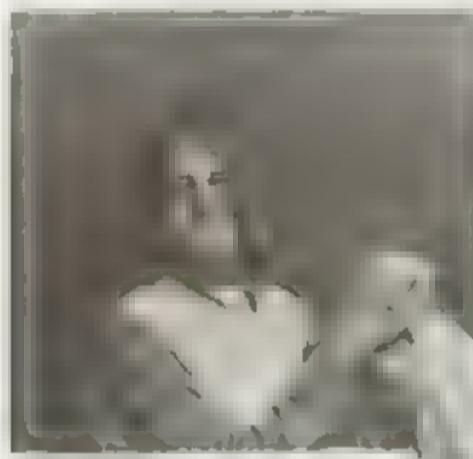

Then comes our most interesting class of the day, Fr. McGough's. This period offers several weird if not interesting occurrences

Homeroom 12 has many different personalities and backgrounds. We are very thick (in spirit). Many fine things in the years ahead will come from Homeroom 12

# Homeroom 13

Homeroom 13 is the cross-section of the Freshman class. There are those among us who are athletes and those among us who are scholars. There are some who are both. There are also some that are neither.

We have men in just about all of the activities, and we're usually pretty high on the mission returns. When it comes to posters we always have some big bright ones, and most of our members are at the games.

It's not any one individual, but a unified effort by all of 13's members that shows our spirit for St. John's and makes homeroom 13 the best of its class. When you think about it, isn't that what St. John's is all about?

In closing, we hope that all of 13's members find in the words of Richard Bach, "That our true nature lives, as perfect as an unwritten number everywhere at once across space and time and that we are perfectly unlimited."

# Homeroom 14

One of the most dynamic homerooms of '77 is homeroom 14. Our spirit is lead by Fr Maline and Mr. Beier. During the day our minds and bodies become one as we glide through our first two periods, Reading with Mr. Toptich and French or Spanish. Next is gym with Mr. Smith and his "physical fitness days". That makes us more sore than fit. We also have Mr. Beier twice a week at this time for Health. After gym we get a 20 minute break for lunch. Then with a full head of steam we run into the afternoon classes World History with Fr Anderson, English with Mr. Schoen, Religion with Fr Libens, and Algebra I with Fr McGough. The day for some people in H R 14 includes Biology and Elementary Algebra.

# Homeroom 15

Homeroom 15 starts off the day with Mr. Loftus and Mr. McClain, our homeroom moderators. After homeroom, we join the stampede to start off the day. Our first class is language with Mr. McClain trying to keep the French class alive and Mr. Koldenborg, where the Spanish students try to get together but can't "ever". After we've explored the language world, we enter the world of science with Mr. Frankenfield and his stories on "corn squeezins". Then we ramble downstairs to go for a run with Mr. Beier and Mr. Smith. Now that our bodies have been beaten into tip top shape, we relax in the commons for lunch. As soon as lunch has been devoured, we head for Mr. Shoen's English class and his exciting way of teaching. After leaving the ever moving Mr. Shoen, we trot upstairs to the class where the door is always open — Mr. Loftus' Speech class. Now that Speech is over we rush down the hall to Fr. Odert and his all purpose magic markers that run freely all over our algebra homework. Now that the day is almost to a close, we scramble down the stairs to Mr. Vrooman's History class where we go around the world in 180 days and travel to the four corners of the world.

# Homeroom 17

Homeroom 17's spirit picked up slowly but surely, steadily it increased until homeroom 17 was leading the freshman class in the number of books sold for the carnival. As a result we didn't have to come to homeroom for a week. We sold 360 dollars worth of tickets.

After homeroom we start our day. You don't mess with Fr. Odert. Next we head for Reading that will really start you bleeding. After reading we vanish with Spanish and Mr. G. Then there's lunch that's really some bunch. After lunch there's History a real mystery with Fr. Anderson. Next we head for Loftus but he's not the softest. After that we head for Br. Welling but don't worry there will be no yelling.

# Homeroom 18

In homeroom 18 the day starts off with the smiling faces of Fr. McGough and Br. Welling (alias Mr. Karate). Our spirit is not that outstanding but we are the mission collection leaders in our class. Rick Howard has the most late slips, and Mark Dickey is the fastest mailman in the school.

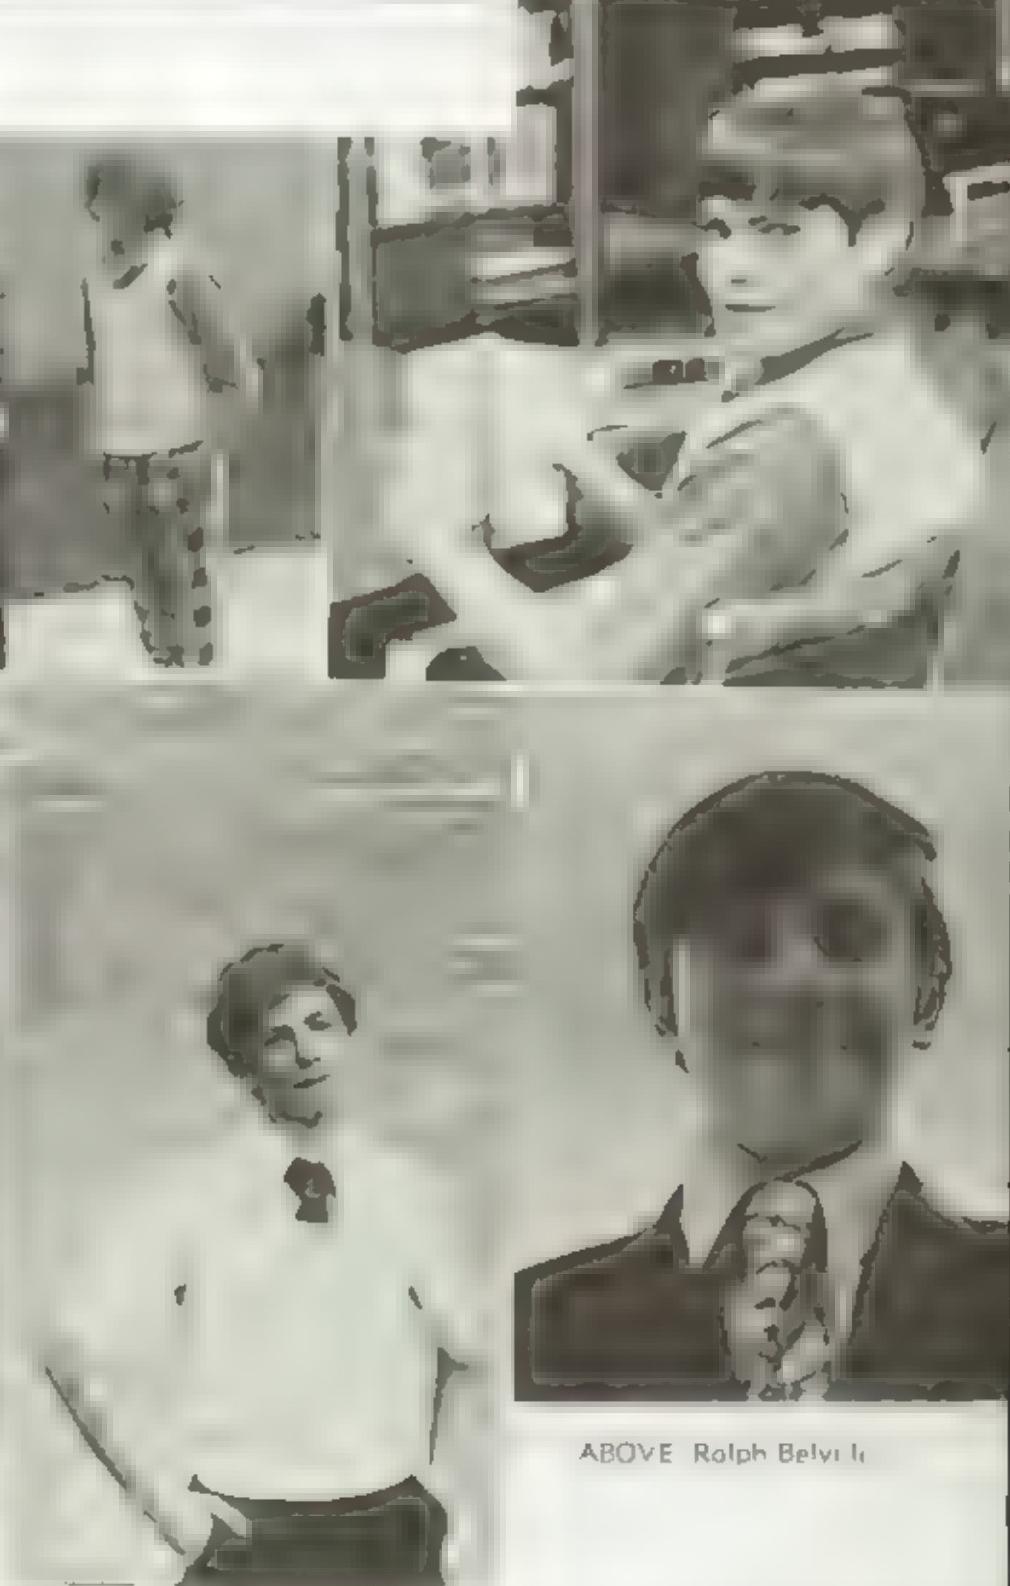

Our first class is either Speech with Br. Welling first semester or Religion second semester. We then return to our favorite subject (ha, ha) Algebra with Fr. McGough. Mr. Vrooman has the pleasure to witness our superior historical knowledge during third period. Eating lunch and dodging flying objects is difficult to do. Mr. Beier whips us into shape while we show our unchallenged physical strength during gym. Next our flawless biological studies are revealed to Mr. Brady in sixth period. Mr. Griesheimer gets to hear the Spaniards great foreign ability while Mr. McClain takes the Frenchmen. Mr. Shoen gets the honors when our scholastic abilities are shown in English. With Varsity Football coaches as teachers you learn to reform.

# Football

Our football season was successful on two counts, first, because of a winning record which resulted in a trip to the City Championship, and second, because of the lessons learned by all who were involved. We are a team who learned the feeling of both victory and defeat. Great victories came in a last minute victory over Stritch and a win over St. Francis. The feeling of loss came through heartbreaking losses to Waite and a loss to Devilbiss in the Shoe Bowl. But whether we won or lost, we know that each member of the team gave everything he could toward the final goal, and in this effort lies the real victory.

The team would like to thank all the coaches and their families who put so much of their time and effort into our season.

Football has taught us lessons that will never be forgotten and we are all thankful to have had the chance to compete.

# Homecoming

Many factors made Homecoming '73 a success. The first was the spirit the individual classes showed in making the floats. Another important aspect was the picking of a beautiful girl to have the honor of representing St. John's. Jeano Oldiges from Notre Dame received

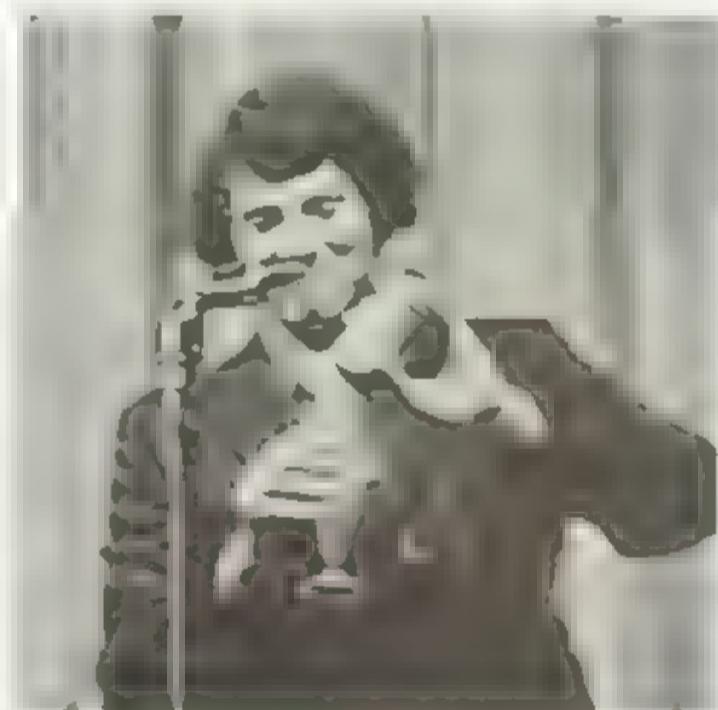

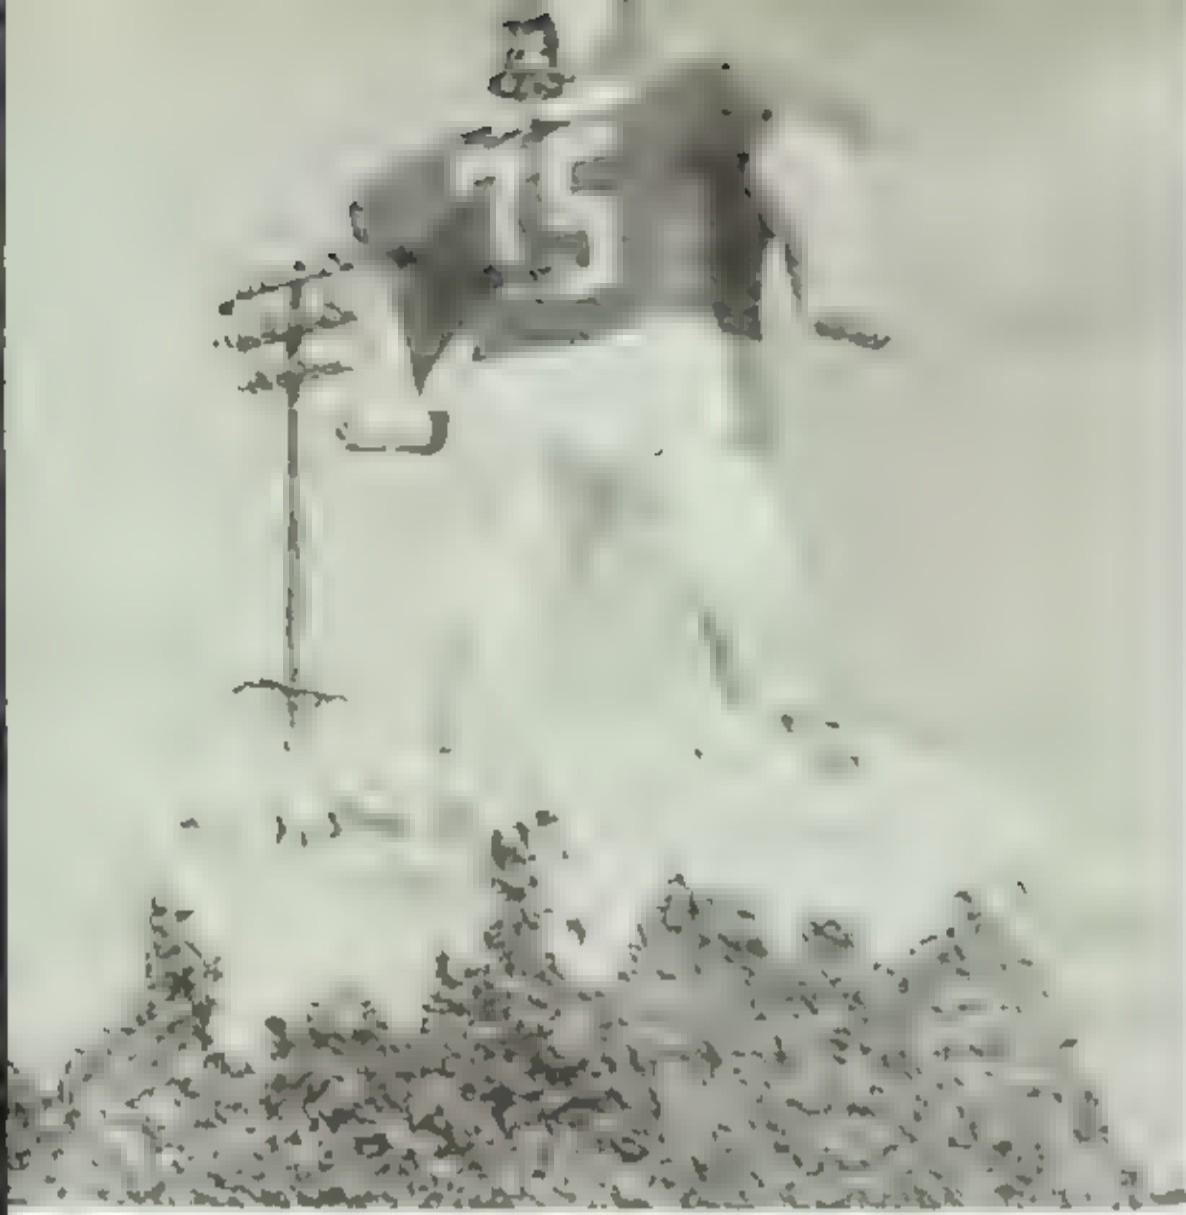

the honor of being the 1973 Homecoming Queen. Making up her court were, Renee Kirdahy and Cindy Logsdon also from Notre Dame, Chris Regan and Janet Schoen from St. Ursula, and Molly Anderson from McAuley. The Queen and her court were introduced at halftime and the floats were judged. In a disputed contest, the class of '74's float barely edged out the class of '75's float. Special thanks go to

Bill Sheehan for coordinating the Homecoming Activities. What truly made the weekend a success was the superiority the football team showed in thrashing Bowsher 14-6.

The 1973 X-Country Team was in the most part disappointing, but one thing was gained which can't be replaced and that one thing is experience. In the beginning of the season two premier runners were injured and missed a couple of weeks. Newcomers gained experience during this time. Then came the one gradual climb of the year. But time ran out and our surge was halted. One thing we have to look forward to is next year. 99% of this year's team will be returning. This is where experience counts and next year will be The Year of the Titan in X-Country

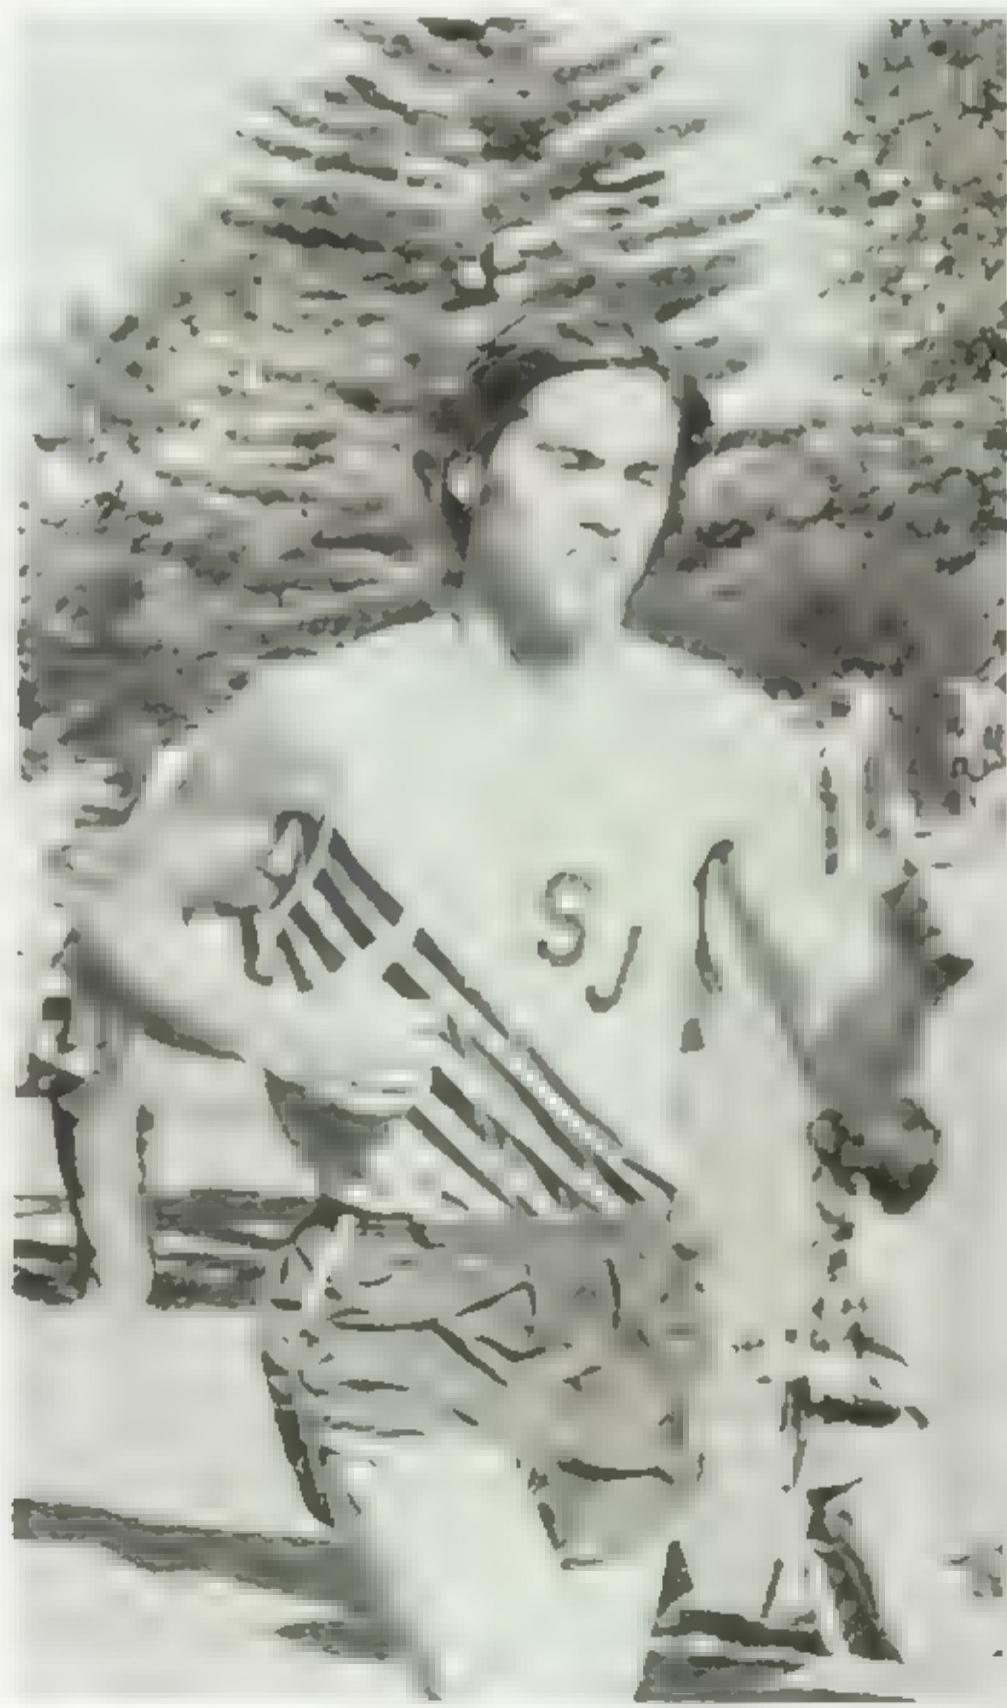

A special thanks goes to all those who supported us throughout the year, especially the academies

# Wrestling

Wrestling at S.J. demands a lot of the individual. He must be willing to lose weight, and to put out 100% after school in practice. The combination of the two, losing weight and hard practices, makes wrestling one of the toughest sports going. As with anything, the more you put in a sport the more you are going to get out of it; and the wrestlers get a lot out of their efforts. They get the personal satisfaction of competing, they can enjoy being in tip top physical condition, they gain confidence in themselves and their abilities, and they gain the ability to discipline themselves, as wrestling is dependent on discipline.

At the time of this writing, the S.J. wrestling team is 6-4, losing to St Francis, Stritch, Rogers, and Whitmer. Some would immediately categorize this team as losers, but this is not true. No one can be a loser and gain all of the things mentioned above. On the contrary, the S.J. wrestling team is a winner all the way.

## Basketball

Twenty-six years from now, in the year 2000, a man, overweight from too many homecooked meals and too little exercise, will pick up this book and try to remember. He'll page through it reminiscing over the people and places which at the time were his world. Eventually he'll arrive at a section marked, "Basketball". Immediately he will recall the thunderous chant of "defense", the distinct aroma of a packed gymnasium, and the thrill of a tight game. Upon closer inspection, he sees the pictures which make up this section. Pictures of Tom Langevin, whose shooting ability made him a threat from anywhere on the floor; of Nick Pentis and Tim McHugh, whose ball handling wizardry and quick hands made them one of the most effective backcourt combinations in the city, and of Joe Walsh, Woody Adams, and Dirk Swart who were ever-present in clearing the boards after a missed shot.

As he continues through this portion of the yearbook, he recalls the games of that season. Like the 67-47 shellacking of Central, which silenced the team's critics. The 58-41 win over Waite, handing them their first City League loss in seven games, the most importantly the rout of archrival St. Francis at T.U.

Having completed the section on basketball, the man would put the book down for a moment. He would wish there were some way possible to return to those days, some way to thank those seniors whose hard work and dedication made all of these fond memories an inseparable part of him.

# Hockey

Hockey at St. John's? Just a few short years ago the idea was out of the question. But today, three years later, hockey has become a major part of the S.J. sports scene.

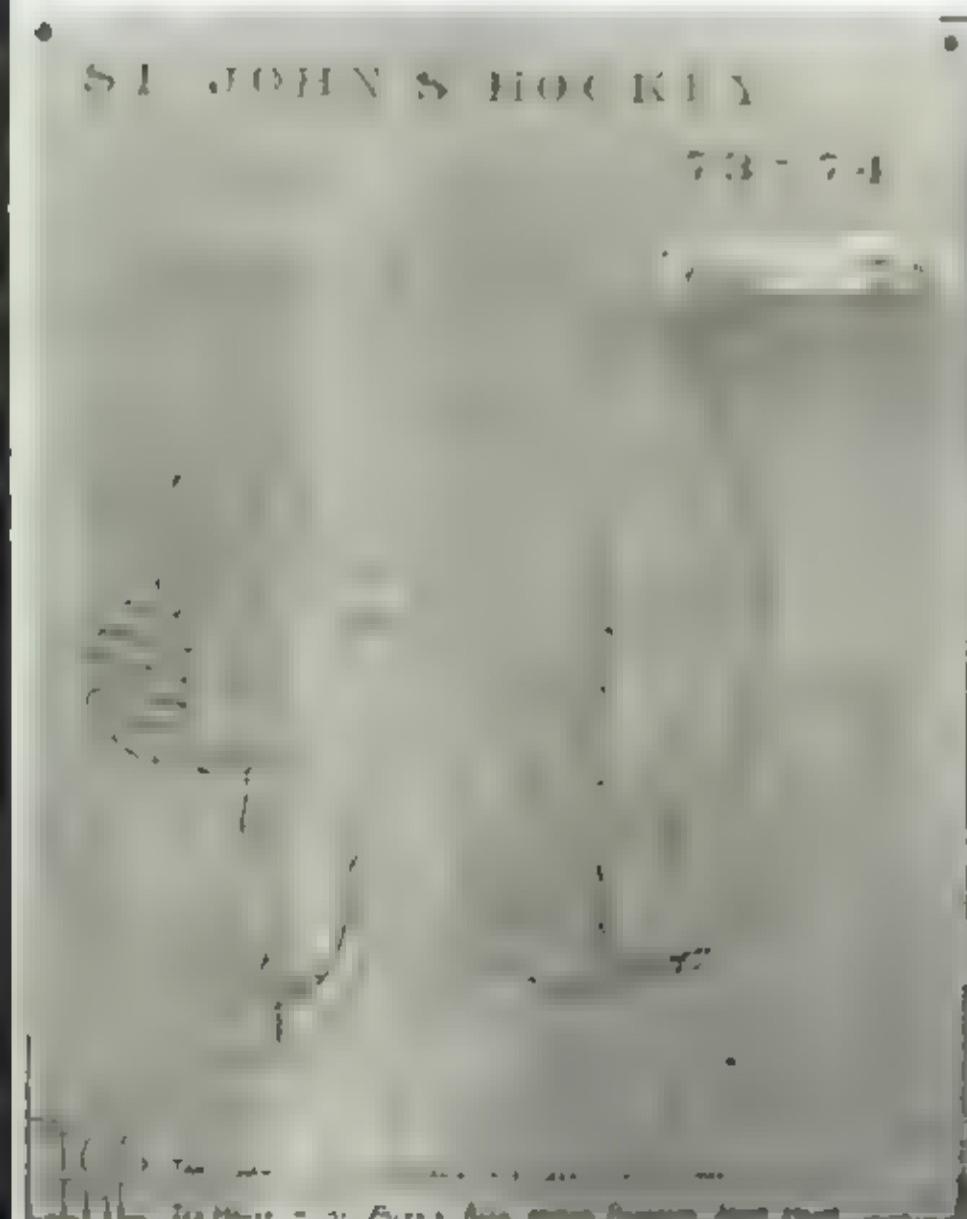

This has been made possible only through the work of those men in the classes of '75', '74', '73', and '72' who devoted their time, dedication, and money towards St. John's Hockey. Credit should also be given to Mr. Miller and Mr. Czernicki. These men are responsible for starting, organizing, and promoting S.J. Hockey. We thank these men because all that we have accomplished this year is a reflection of all the work put forth for hockey since its beginning.

This year hockey was officially recognized by the state of Ohio as a varsity sport. As a first year member of the NWOHSHL, the S.J. Varsity Hockey Team has experienced many good things, but still has obstacles to overcome. Since we didn't receive aid from the school, and we were not recognized by the City League, the men on this team were placed under a great financial burden. For each member this was a great sacrifice, but it was this sacrifice that has made hockey mean so much to each member, to coaches Figliomeni and Czernicki, and to all those who followed us this year. The future looks bright as Hockey at St. John's has become a major part of the winning tradition on the S.J. sports scene.

## Track

Many people may ask, "Why go out for track? The work is hard and the benefits are few." This fact is true. There is a greater force than that of personal glory, which pushes these men on. This force is pride, pride in doing a good job and pride in St. John's. It is because of this pride, that the St. John's Track Team has continued to be a top contender every year.

## Baseball

The 1974 edition of the St. John's baseball team is blessed with a fine mixture of talent and experience

The Titans boast a fine pitching staff, headed by Mike King, Tom Langevin, and Jeff Straub. A staff which would make the Cleveland Indians green with envy

The pitchers are supported by an excellent assortment of hitters and fielders. Bruce Keil, Jim Florian, Terry Rhoades, Mike Martous, Nick Pentis, and Lee Hills are some of the players who strike fear into the hearts of opposing pitchers

Once again, Mr. Miller, will manage the team with all the knowledge and skill of a Ken Aspromonte

## Golf

Just as those who don't golf despise and ridicule it, we who do, enjoy trying to conquer the enormous amount of skill needed to master the art. On the days off we can be found out on the golf course, often till dark, practicing our game — through rain, mud, and even snow. And all our efforts may end up only in defeat — by not earning a spot, by costing the team a match, or what have you. But why? Why don't we just call it quits and hang it up?

Nobody knows what our record is, and most don't even know who's on the team. There's little glory to be gained by us. Why do we keep on going? Pride. Pride in the fact that we know we can win, that we know we can go all the way. Just ask one of us, we'll tell you how beautiful Columbus is in the spring.

Chris Pilliod

## Tennis

With five returning lettermen, the TITAN Tennis squad looks forward to another very successful season. Sophomore Erick Iskersky and Senior Mark Padilla, semifinalists in last year's

State competition, hope to combine with teammates Jim Rippel, Jim Padilla, Steve Solys, Dean Boucouras, Tom Nagy,

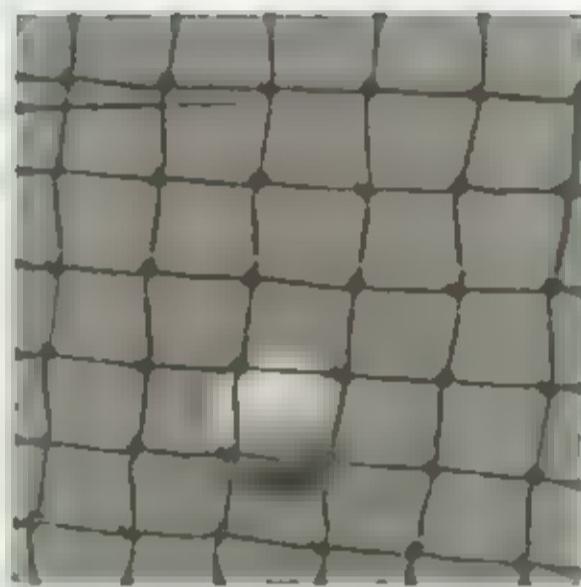

Bruce Brownridge, and others in capturing their second straight City League Championship. The Sectional Champs of 1973 expect to be contenders all the way to Columbus again this year and hope to better their impressive 22 and 2 record of 1973 to 24 and 0 in 1974.

## Bowling

Once again Fr. Malone ran a great intramural Bowling program. Fr. Malone's secretary, Tony Anderson, also did a fine job. His duties included collecting money, calculating the handicaps, and writing the schedule.

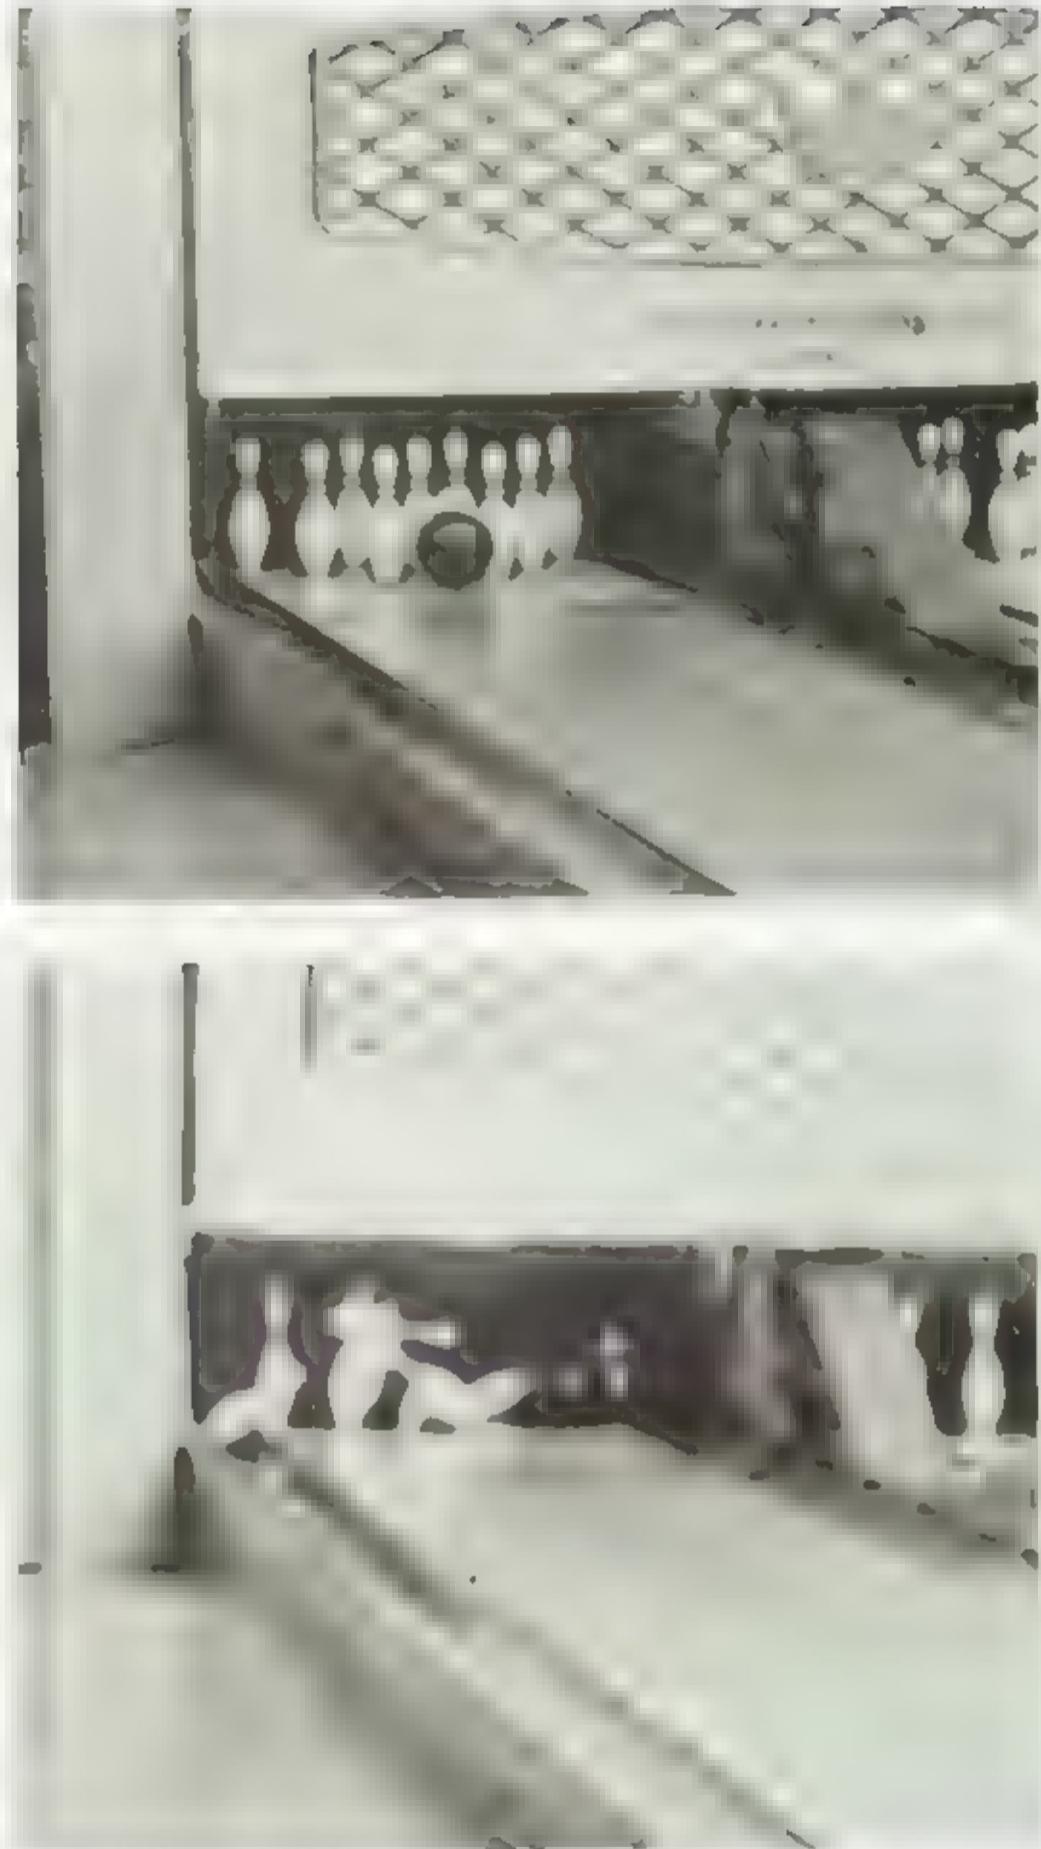

The bowling squad was comprised of approximately 200 members. Leading the four classes in amount of bowlers was the class of '75. Junior teams dominated the league throughout the year. It is the sincere hope of the Junior Class that more people will challenge their expert bowling skills next year. After all, bowling is for everyone.

## Soccer

When the average person tries to play soccer, he looks like he is totally spastic. It takes a great amount of skill to compete in this sport. There are many hazards too. The average soccer player visits his chiropodist seven times during the season. Despite these hazards, the soccer team continues to turn in fine performance upon fine performance.

## Volunteers

This year was a great year for the SJ Volunteer Program. Fifty Junior and Senior volunteers worked at a total of six institutions St. Vincent's Hospital, St. Charles Hospital, St. Luke's Hospital Drug Sanctuary Inc., St. Mary's School, Sunshine Home for Retarded Children, and Peter Pan Day Care Center. All together, the Junior and Senior volunteers contributed over five-thousand man-hours of voluntary service to their various institutions Freshmen and Sophomore volunteers, working at the Medical College of Ohio, Marigarde Nursing Home, Sunshine, and Riverside Hospital contributed over twenty-four hundred hours of voluntary service. The monetary value of these volunteer-hours totals over eleven-thousand dollars. For their pains, those Juniors and Seniors who took the Volunteers' Courses at SJ received one semester-hour of credit, the rest received no compensation other than the gratitude shown by the people whom they served

## Science Club

The Science Club consists of a group of students engaged in scientific research which goes beyond the ordinary laboratory experiment. Many of these students compete in Science Fairs and Science Research Symposia during the second semester. Already Thomas East, James Hermiller, David Pilliod, Gary Poturalski, Francis Sydnor, Joseph Walsh and Daniel Metzger have been chosen to read the results of their research at the T.U. Science Research Symposium in February. Furthermore, James Hermiller, David Pilliod, Gary Poturalski, Francis Sydnor and Dave Wysong will present their papers at the State Symposium also in February. Joseph Walsh is an alternate at the State Symposium. The results of the Symposia and Science Fairs will not be known until later in the year. Direction of the research program is presently under the care of Fr. Lotze and Fr. Sweeney.

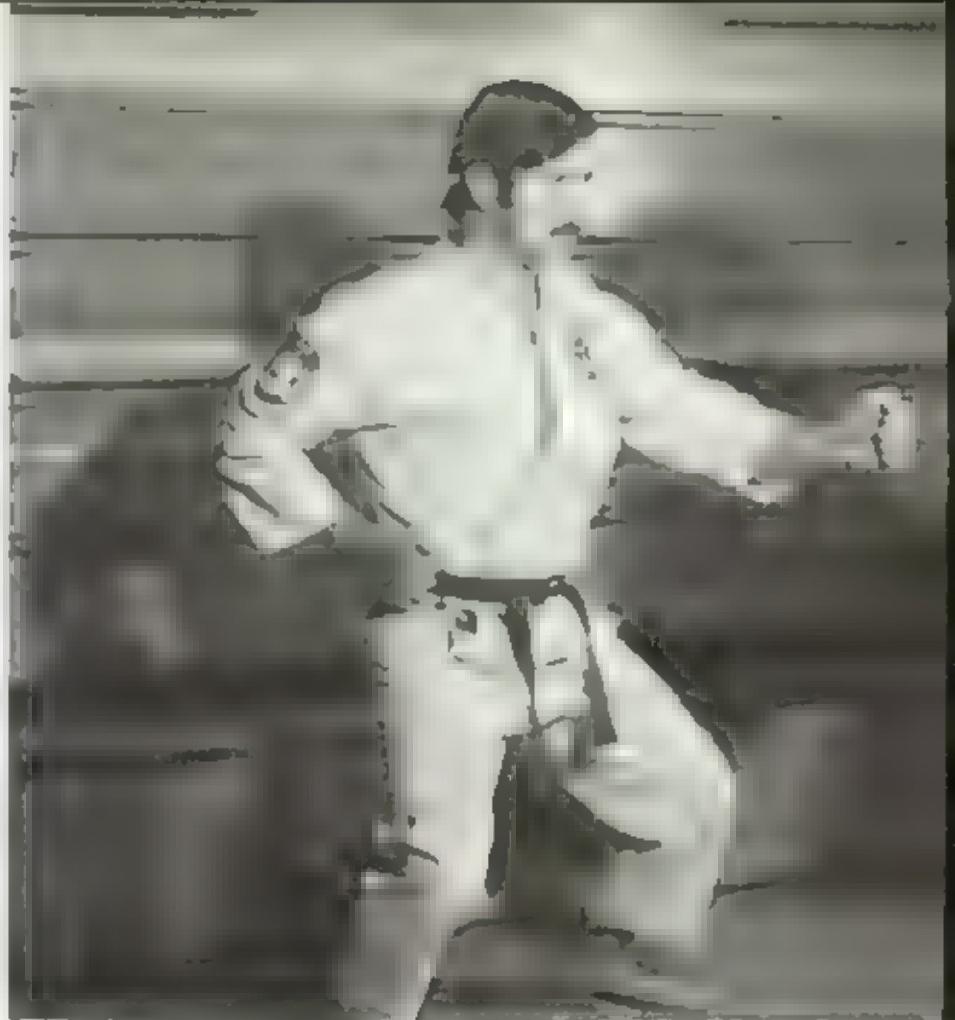

LEFT Joe Walsh TOP James Hermiller, ABOVE Glenn Browning

LEFT FROM TOP: Paul Hlavenski, Steve Reppit, and Francis Sweeney. Day 1P — 1 R GHT FROM TOP: Francis Sweeney, Sydney Wray Patura.

## Karate

The Karate Club is comprised of approximately forty members. Membership in the SJ Karate Club is open to anyone regardless of sex or age. The Club meets twice a week for about two hours. Besides being good exercise, karate strengthens mind, body and self discipline. For those who like a spirit of fierce competition, karate offers it. During the practices members spar with each other to practice their martial arts experience. After a karate student is promoted to a higher belt, he becomes eligible to participate in karate tournaments, which are similar to wrestling meets in their format. In the immortal words of sensei Bro. Wayne Welling SJ, "Karate is for everyone."

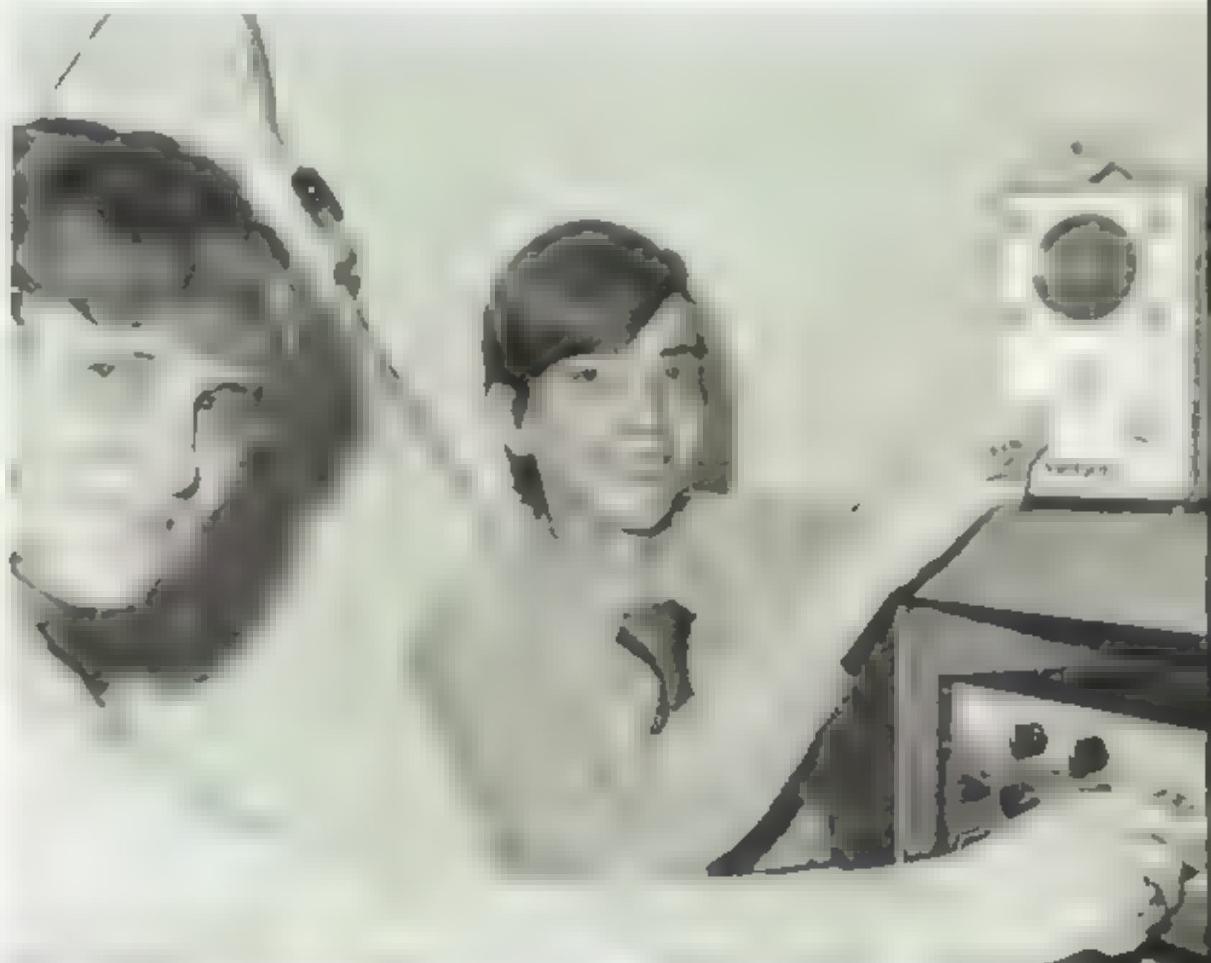

TOP LEFT: Br. Wayne instructs his pupils. LEFT: Dave Brendt and Keith Strandberg get the rough end of the mayhem during drills. TOP RIGHT: Sensei Wayne Welling has his karate way. ABOVE: Our Foster shows quickness and agility.

## Radio Club

ABOVE Brother Sebian RIGHT Tom East and Ken Bertka

The Radio Club is available to all students with an interest in any area of electronics. The club has equipment to do almost anything in the field of electronics, from test equipment to a 2 kilowatt radio station. At this time membership is very limited. We hope that in the future more people will realize the potential that exists here.

## Chess

The S.J. Chess Team is selected by the experienced members of the Chess Club. Almost everyone who joins will be on the team eventually.

This activity is satisfying in that one can outwit one's opponent. As usual, S.J. has a good chess team this year. Chess may look dull but once one gets to play, it is great fun.

ABOVE RIGHT Pat O'Mara RIGHT Mike Pemberton

## Band

This year, as always, the St. John's Marching Band turned in superior performances every time they played. Either on stage or while marching, the Band displayed a high degree of polish in their performances. Directed by the experienced Mr R J Taprich, the band exhibited talent not only with their respective instruments, but also in their ability to march with ease and exactness in their various field formations. With Band leader Bill Giacci in command, the Band turned in fine shows consistently.

Joe Weber pounds his drum.

TOP Kevin Tighe and Dwight Petsche

## Winter Carnival

The third annual St. John's Winter Carnival was a success, as usual. The students came through again, selling a bundle of raffle tickets. The first prize was a trip to Hawaii or Europe, and second prize was a trip to the Rose Bowl. The school met its quota and got a free day. The weekend of December ninth and tenth was the time of the carnival. It was a lot of fun for everyone who attended.

Ten thousand words let alone a paragraph or two could not describe the people and events which made up Student Government this year. For this reason we have selected a few highlights (or low lights as the case may be) which we hope, although not telling the whole story, will convey the general attitude of and towards St. John's Student Government 1973-74. It is our sincere hope that these stories serve not only to entertain you, but also to jar fond memories of times past.

There was the day S.C. served 10,000 wieners and 4,000 cups of Doctor Pepper, then bussed 400 gorged S.J. students to Woodward to see the Varsity Football Team lose 16 to 6.

There was the day Bunz A.Ien and Bernie Thomas had a duel to the death in the S.C. room with 40 pounds of Caines pretzels.

There was the day the Student Senators built a sixteen foot blue shoe in the Commons to promote spirit before the Shoe Bowl game.

There was the day Tom Sheehan, Kevin Sulvan and Dave Kerscher, the Sophomore class officers, decorated S.J.'s student body's first Christmas tree, which they had trimmed down to size with a gasoline chain saw in the Commons.

There was the day S.C. conducted a survey to see what should be the next main project undertaken and the best answer turned out to be the decapitation of V.P. Kevin Wiezbenski.

There was the day that "Sweetleaf" (under the direction of Bill Sheehan) played to a capacity crowd of 1300 screaming, stamping S.J. students and friends at the best dance ever.

There was the day Jeff Sabin turned in his first Treasurer's report and it turned out to be off by a mere \$3,000.

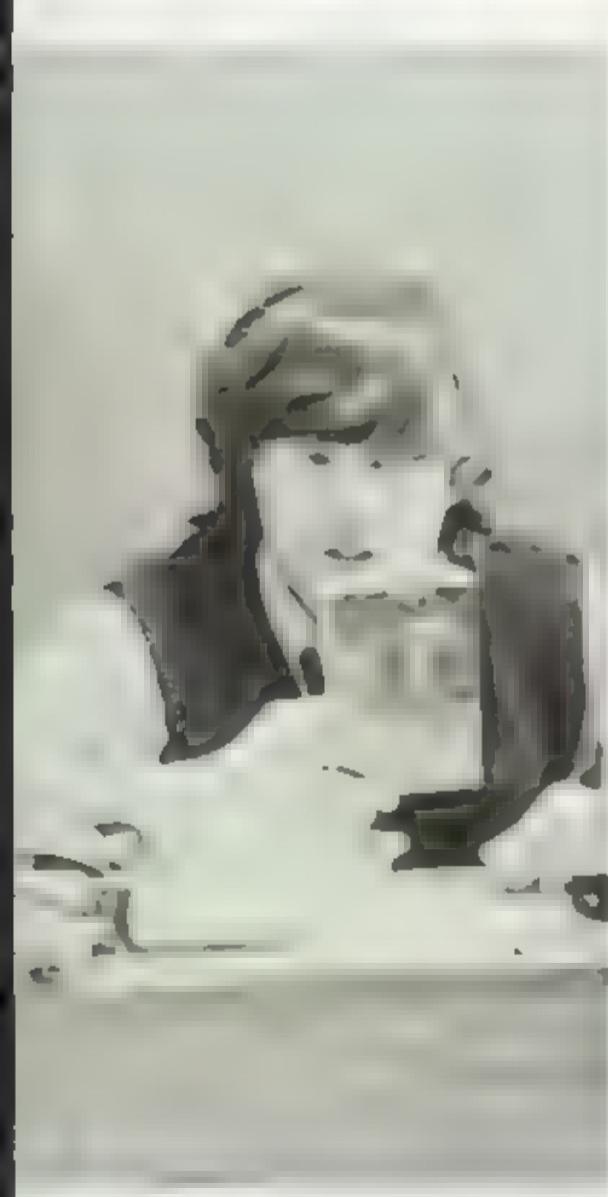

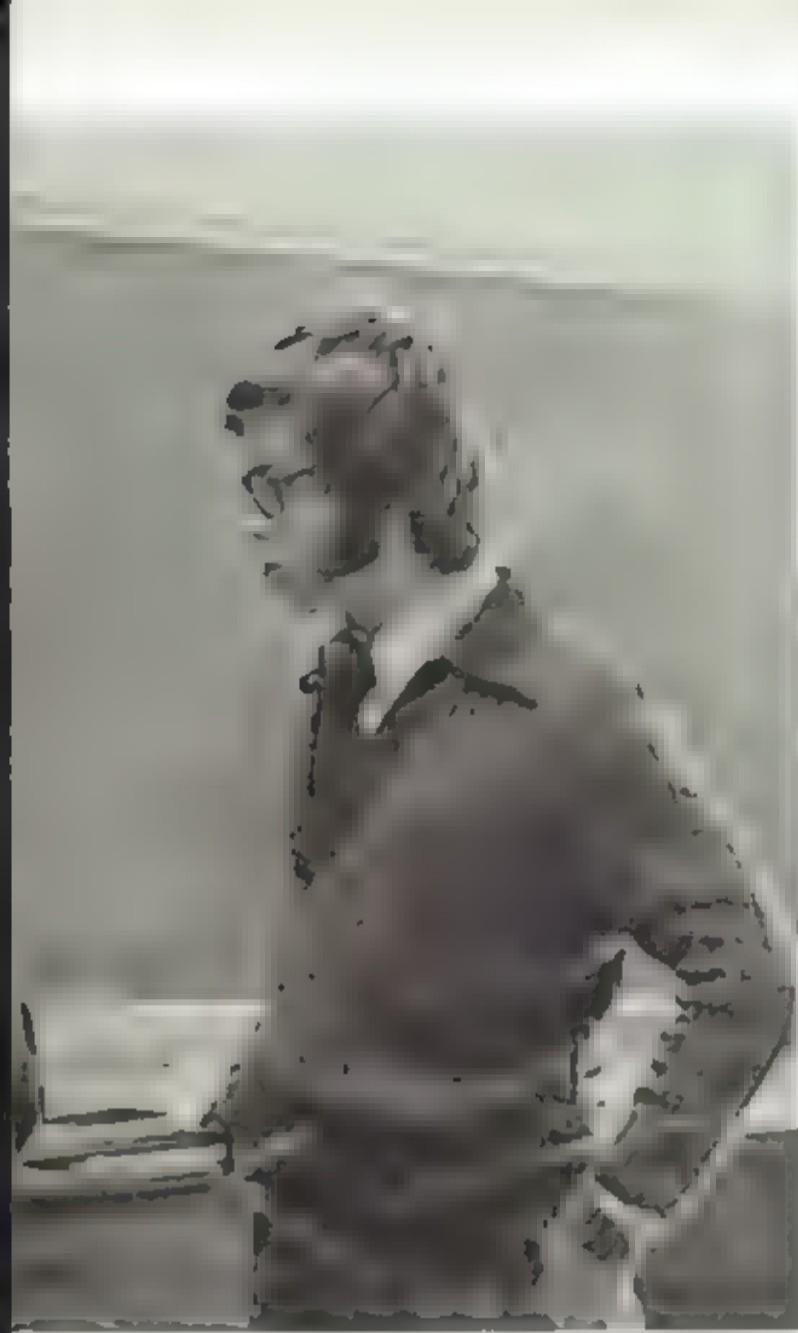

There was the day that the Senior Faculty party, coordinated by Senior class officers Hils, R. Hacek, and Lancano drew 23 people to eat a 64 pound steaming roast pig.

There was the day the names of publicity men Dane and Lutz became infamous at the academies as a result of the dance flyer promoting one of the worst bands ever "Bitch".

There was the day in April when all Council members chipped in and bought Mr. Vrooman, their moderator, a belated Christmas present.

There were the days to follow after the writing of this which hopefully were as eventful as the few listed above.

## Parent's Club

The Parents Club is one of the most important programs at St. John's. Our parents work all year to keep our school out of debt. Unfortunately, we could obtain only one picture for this section. We, of the yearbook staff, apologize for our oversight. We intended to slight no one, and we hope that you, parents, continue helping St. John's.

Mothers Club Officers: Fr. Mott (moderator), Mrs. Edward (Mary) Gray, Mrs. Robert (Mary Jo) Anderson, Mrs. John (Arlene) Florian and Mrs. Edward (Mary Jane) McCormick (not pictured)

## Promethean

The yearbook is a very worthwhile activity. This year we had a good group of characters on our staff. The staff consisted of Steve Anderson (Editor-in-Chief), Mark Anderson (Assistant Editor), Tom Comes (Photography Editor), Ken Knight (Photographer), Vinny Heumann (Merry Man), Roger Barbe (Layout Editor), Tony Anderson (Worker), Joe Moynihan (Worker). We started off the year lacking experience. We had a rookie moderator in Mr. Burke, but he proved to be a big help.

In outward appearance it is up to you to decide how well we did our job. To us, however, there is much more to this book than just the finished product. It was surprising the way everyone stuck it out. We worked every day of the X-mas vacation. We spent many nights after school until six o'clock. I could always rely on the staff to do the job. I was also happy with the way the teachers and coaches put up with all of our hassling.

There is a lot to be learned in this activity, and I hope more people will join next year.

## Cavalier

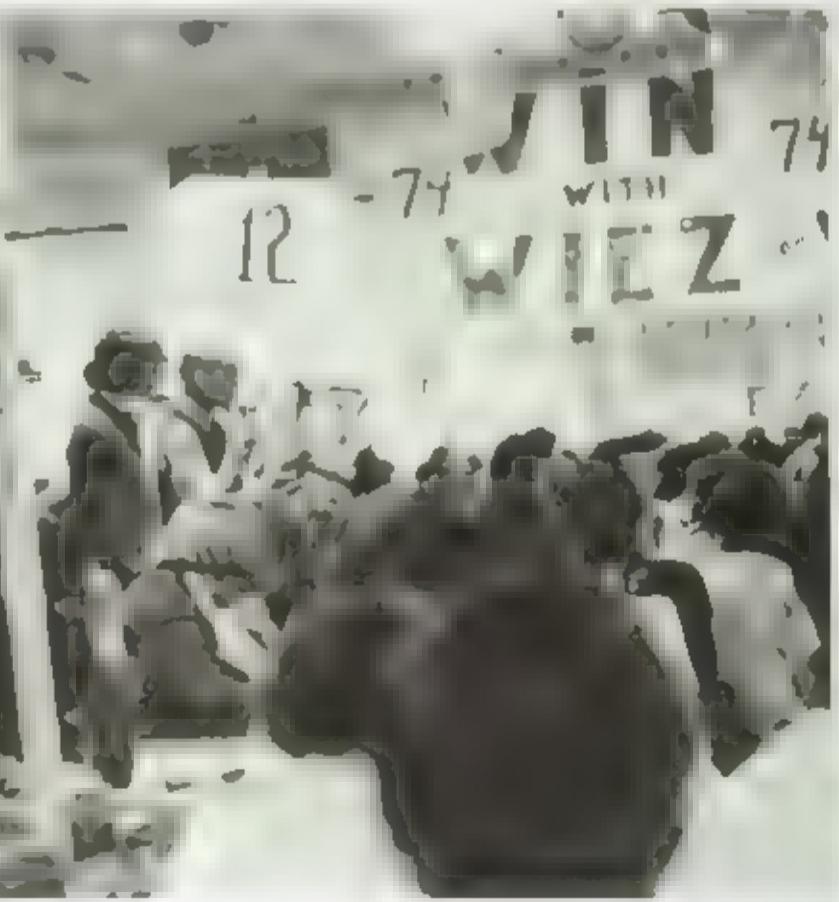

Led by smiling Dave Mariasy and fearless Bill Marshall, the **Cavalier** (St. John's only real student newspaper) has endeavored this year to publish the usual drab school news with a humorous twist. And, as usual, the **Cavalier** meant more than just news. It meant exciting and humorous feature stories and meaningful editorials from staff members, as well as contributions from many students wishing to exhibit their talent.

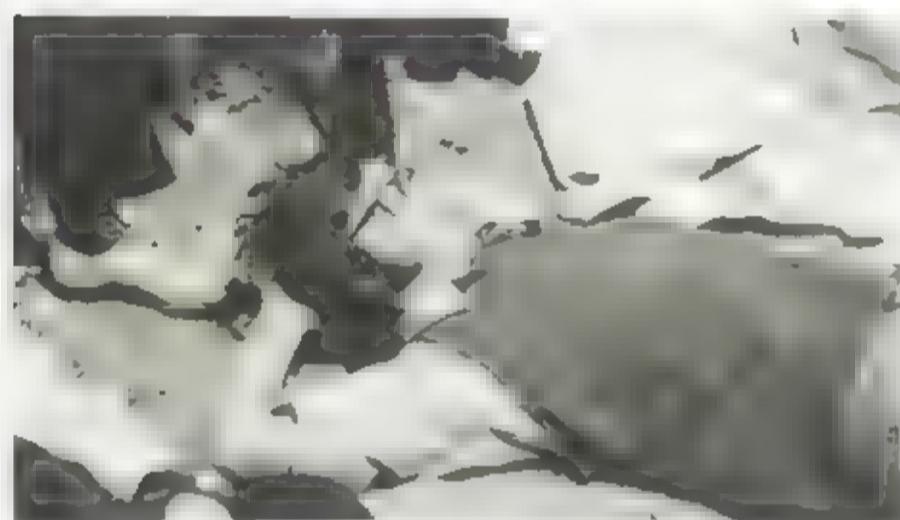

The main men for this superb publication this year have been the aforementioned stars Mariasy and Marshall, amazing Steve Dane (who handled the news page so well), and former track star Mark Tomasik (who, in the tradition of Wells Twomby produced topical and readable sports stories). Also deserving mention are Dean Boucours and Bob Wolf, who served as our business managers this great year.

## Convention 73

The 1973 Convention reflected years represented two-dimensional success as well as other between the students and faculty. The week-long event was held after its guest speaker and several shows up to take advantage of the new program. As the day went on there were units of the new and the next Student Council representative. A highlight of the winners were Tim S. and Jeff S. from the Buzz Aldrin and Kevin Webster.

# Liturgy

Once a week the St. John's community of students and faculty comes together to worship the Lord and deepen their relationship with Him in The Eucharist or in an occasional penance service. The St. John's Liturgy Group takes an active part in our community's worship by joining with the students and faculty to lead them in song, for song is one of the best expressions of what a man believes.
